Although my reach has decreased due to my body becoming smaller

Unlike when it was a game feeling the enemy's presence as well as the flow of the wind with one's whole body

I was worried about whether or not my body would be able to keep up since this is the first real battle since this stopped being a game but...

Is now...

Possible!

I could beat this demon easily if I just fought like I usually do but

Allowing me to do this

!?

So since it's my first real battle with this body, lets use this battle to accumulate some more experience

My strength comes from the power and experience that I have accumulated

KYAHAHAHA

バキッ!

Quit squirming around!!

How nice of you to let me do some warm-up exercies

Looks like demons are as kind-hearted as they are good at greetings

ゴゴゴ

YOU BASTARD!!!!! ARE YOU MAKING FUN OF ME?!

ガシャ
ガシャ
ガシャ

Struggling Against an opponent he assumed he couldn't possibly lose to

And what's more to be mocked by what looks like a little girl.. Even if it's a demon noble it would be something that would make their blood boil

I guess this body might not be so bad if it allows me to provoke opponents this easily

Oooooooo
I did say warm-up but to think that you would actually warm me up

Thanks to you it looks like I'll be in my best condition

AHHHHH
HHHHHHH
HHHHHHH
HHHHHHH
HHHHHHH
HHHHHHH
HH!!!!!!!!!!

GAH!

As well!!

I should be careful

To think that he would be this suspectable to provocation, he must've never tasted defeat before

Even if its a demon noble...

It's something for the undefeated to think about

AHHHHHHHH!

Sage Skill
- Earth -
Guren
hitoaku

Sage skills are mostly affected by the physical strength attribute

I shouldn't have left my equipment that is enhanced for close combat with Cleos

Mhm....
As expected only skills deal significant damage

Well....
I guess it's ok
It's not like I only fight using sage skills

I can try to compensate for it with my inherent magical power but the real question is how effective it will be against a body as sturdy as a demon's

カッ!!

Using your experience to your advantage

This is how you grasp victory!!!

NNN!!!

Ooh..
Not bad
brat

Impudence!!

I refuse!

Turn to dust!!

I won't keep a bastard like you as Souvenir you can burn right here right now!

Nghh!??

Gah!

You're so slow that it looks to me like you're standing still brat

Sage movement skill Shukuchi

How about this

Damn you!

Little girl how dar..!!

Sage movement skill Sora Kappo (airstride)

WHAAA

Miss Mira!

Did she get him?

To think that a human of calibre existed

No I can still sense the magic power of both of them

So sturdy..

Sigh..

However it's pointless. An attack of this level doesn't hurt and it won't put a dent on this trained body of mine

Being on the receiving end of a barrage of power type sage skills without receiving any fatal damaage..

As expected from a high level demon I guess

Though it's true that I don't have my gear.

It's about time I end this

While it was a good battle to use for my rehabilitation..

:

Hidden Sage Skill

While he did get angry due to my provocations he never felt that he had a reason to fear for his life I guess

Release Evil Eye

Gh..

As expected from demons it won't last that long

Is this paralysis?

Sage vision skill Himyou no Mashi is a high ranking sage skill that paralyses a target that is within the field of view of the evil eye while simultaneously destroying them from within

IMPUDENT LOWLY HUMAN !!!!!!!!!!

AHHHHHHHHHHHHHHHH!!

Which is why Mira has had retreat a few times to keep her viewing angle large enough to keep the demon within it

The condition for activating the skill is to keep the target in your field of view for a fixed amount of time

But it's too late

Ah

Gah....
Im..po.ssi.

You thought that you got rid of my Dark Knight so easily? As if my Dark Knight is that easy to defeat
